DETAILED ACTION

1. Claims 30-32 are presented for examination. Claims 1-29 are canceled.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/25/2007 has been entered.

Allowable Subject Matter

3. Claims 30-32 are allowed.
4. The following is an examiner's statement of reasons for allowance: None of the prior art of record fairly teaches or suggests all of the claimed limitation, especially the limitation of printing a two-dimensional symbol encoded with the password and the predetermined time period to conduct the communication session on a portable, physical ticket and to electro-optically read the two-dimensional symbol to gain access to the application server after the password supplied to the terminal matches the password encoded on the ticket. Although Boyles et al. reference disclosed to use smart card to access internet, Boyles fails to disclose printing a two-dimensional symbol encoded with the password and the predetermined time period to conduct the communications session on a ticket. Boyles at most, disclosed to print a user photo

on a smart card. Boyles also taught away from printing a two-dimensional symbol encoded with password and explicitly stated that "The password or PIN is not stored on the card, but it is encrypted and sent to the registration module 102 of the server 100". Although printing a two-dimensional symbol such as a bar code on smart card is well known and expected in the art, there are no found motivations in encoding a password and a predetermined time period to conduct communications session in the two-dimensional symbol.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenny Lin whose telephone number is (571) 272-3968. The examiner can normally be reached on 8 AM to 5 PM Tue.-Fri. and every other Monday.
